

## PARENTAL CIRCULAR

Dated: 01<sup>th</sup> August 2017

Circular No.: SRWS/Admin/004/2017

Classes: All Classes

Subject: Dengue Prevention

Dear Parents,

We, at ShreeRam World School, are committed towards good health, sanitation and clean environment. In order to join the mass movement to control 'Dengue' in Delhi, the school is being fumigated regularly, over and above maintaining very high standards of cleanliness in and around the campus. To instill the values of personal commitment towards a healthier society, students are also being given awareness sessions for prevention of dengue fever.

Keeping in mind that mosquitoes that spread dengue mostly bite at dawn and dusk, we would request parents to prevent the breeding of mosquitoes in and around your homes by avoiding water logging in coolers, flowerpots, AC trays apart from using mosquito repellants and sprays. To protect children from mosquito bites, we strongly recommend your ward to wear long socks/ leggings of skin colour / school trousers and full sleeves school shirt/ T-shirt.

Warm Regards

Sudha Sadangi

(Head of School)
